

STUDENTS' COMMENTS on the EiA week

EiA was awesome. You could talk with the teachers of our group about everything. That was really great. The sketch for the show at the end of the week was the best thing I have ever done.

I liked that week because we had very nice teachers.

The week was nice and funny. The show was great and the teachers were great, too.

English in Action was very challenging and funny because we did cool things every day.

The week was great – I think I learnt a lot. There was nothing I didn't like.

Preparing the sketch was very cool because I could do it together with my best friends.

I liked the English in Action week because we had lessons with students from other classes of our school.

I learnt many new things in the EiA course.

We learnt a lot and were allowed to present our project works and could perform in a show at the end of the week.

Now my English is better than before.

I hope I can participate in the course next year again.

I want to take part in the EiA week next year again.

I am looking forward to the next English in Action language week.
